

THE NATCHEZ BURNING TRILOGY BY GREG ILES

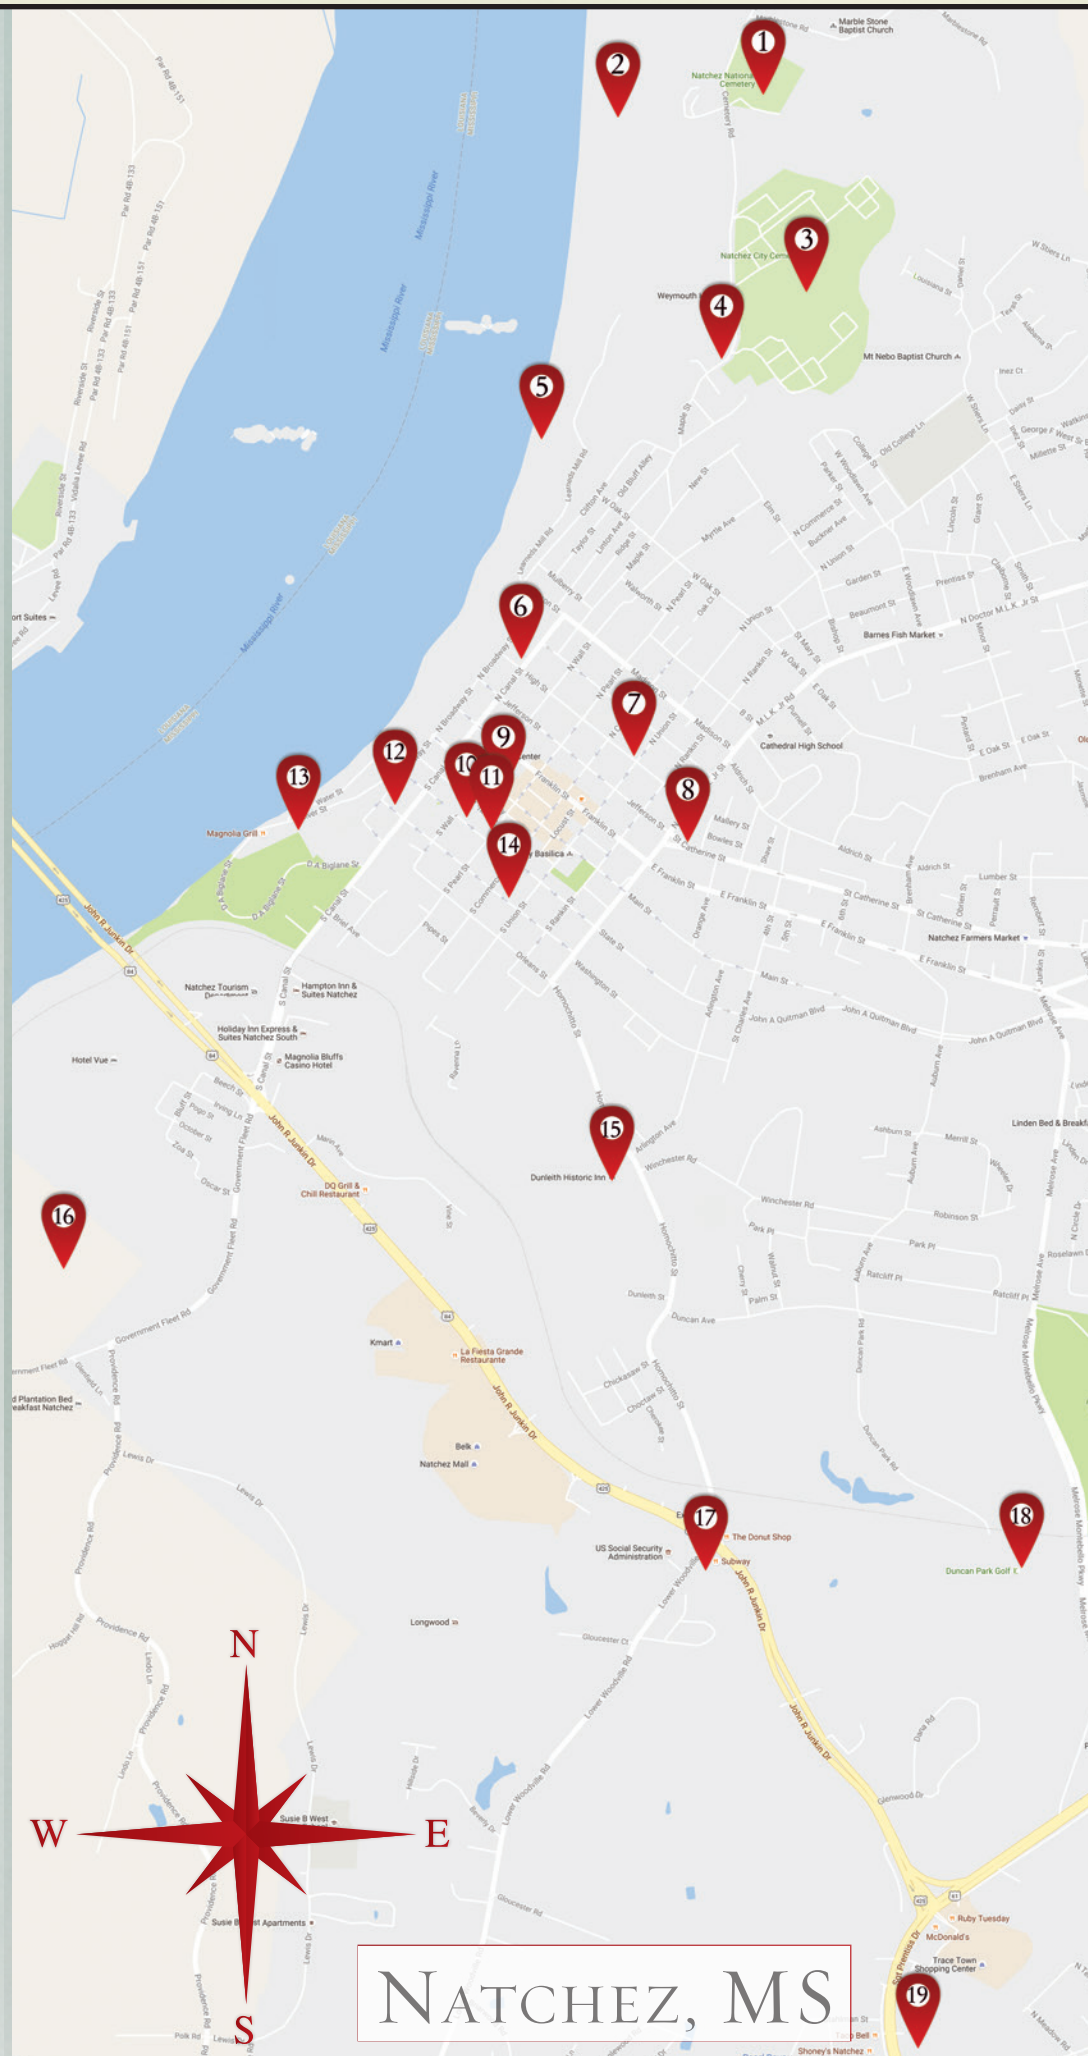

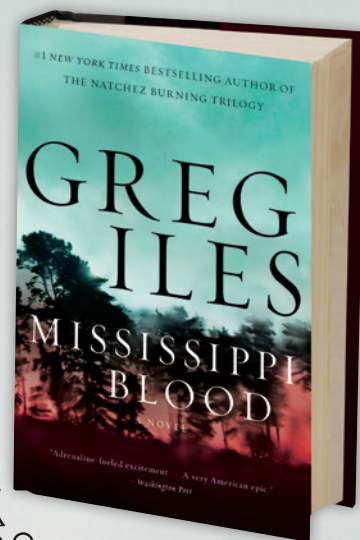

The first installment in an epic trilogy that weaves crimes, lies, and secrets past and present into a mesmerizing thriller featuring Southern mayor and former prosecutor Penn Cage, whose quest for the truth sends him deep into his father's past.

In this second volume, Penn is caught in the darkest maelstrom of his life, as he fights his way out of the war he unwittingly started with a violent offshoot of the KKK, the Double Eagles, and continues to hunt for the truth about dark deeds from the 1960s.

The endgame is at hand for Penn, his family, and the enemies working to destroy them. Featuring a trial scene that *Publishers Weekly* calls "among the most exciting ever written in the genre," this novel delivers the shocking resolution Greg Iles's fans have eagerly awaited.
